First Responder Course

The First Responder program is designed to provide cost-effective training to first responding investigators confronted with Internet-based child exploitation cases. Students are provided with information, investigative techniques and best practices for effectively responding to referrals from Task Force agencies, the National Center for Missing & Exploited Children's CyberTipline and peer-to-peer based investigations. Participants learn how to safely plan and execute "knock and talk" investigations, properly document and collect evidence, conduct on scene interviews and execute search warrants.

Case law and legal issues are reviewed and students receive information regarding training and technical assistance resources available to them and their agencies.

Length of program: 1 day   **Max class size:** 125

Target Audience: This training is open to state, local and federal law enforcement investigators. Registrants must be a member of a Regional ICAC Task Force or Affiliate Agency or part of a team working under the Project Safe Childhood initiative.

Registration Deadline: February 20th

The ICAC-First Responder class scheduled for March 22, 2011 at the Kennewick Police Department has now been created in the web-based registration system and students may register at any time.

Registration instructions and draft agenda (on following pages) includes the class number (#95148) for this event.

For additional information regarding this event, please contact
Jenifer Lopez, ICAC Program Analyst, WA Northwest Regional
ICAC Task Force at (206) 386-1114 or jenifer.lopez@seattle.gov

Time	Agenda Item

8:00 am – 8:30 am

Welcome & Overview – Bill Carroll

8:30 am – 12:00 noon

Conducting ICAC Investigations – Tim Luckie
This block of instruction introduces the first responder to the different types of investigations that the ICAC investigator is faced with. It will explain how IP addresses work and how they are used to track the offender. There will be an overview of the peer-to-peer network, detailing a cybertip report, examples of internet searches as well as the pro-active traveler investigation and teen sexting will be discussed. At the conclusion of this block the attendees will have a better understanding of how these cases are investigated.

12:00 noon – 1:00 pm

Lunch (on own)

1:00 pm – 3:00 pm

On-scene Interview & Knock & Talk Techniques – Ken Hansen
This module of instruction will provide participants with investigative strategies to corroborate the ICAC investigation through investigative work, on-scene search and seizure of evidence and suspect interview/interrogation. Participants will be shown some of the newest computer technology that suspects are using, and law enforcement are encountering during execution of search warrants. Also discussed are officer safety and other issues concerning the execution of knock and talks and search warrants. In addition, resources available through the ICAC Training Program will be explained.

3:00 pm – 4:30 pm

Legal Issues: Winning in Court – Chuck Gillingham
The legal block is designed to review with the investigator the federal statutes that are relevant to peer-to-peer investigations. Also covered will be caselaw concerning search warrants, probable cause, consent searches in light of recent developments, and the most popular defenses being raised. Specifically covered are electronic evidence cases.

4:30 pm – 5:00 pm

Evaluations & Certificates – Bill Carroll

FVTC/ICAC Training On-Line Registration Instructions
First Responder Training, Kennewick, WA

1. Go to the website,
https://www.fvtc.edu/apps/mytraining/Public/Home.aspx

2. If the student has already created an account, skip this step. If not, enter your social security number (or National ID #) and requested information. This will generate a student ID number that is necessary to register for all our classes going forward.

3. Log onto the MyTraining registration portal using the student ID number OR SSN number AND your password.

4. Ensure that all your personal information is correct. It is imperative that we have both a phone number and an e-mail address, and we cannot complete the registration process until we have both.

5. Click on "Register" on the left hand side of the screen.

6. Enter class number, and hit submit. The Class Number for this program is: **95148.**

7. Click on the "Register All" button, under the listing.

8. Fill out the form. In the Approving Authority section, be sure to enter the information for the student's supervisor or whoever is approving the student's attendance at this training from the student's agency.

9. Registrants need to select their approving Task Force authority as well. Please select your Task Force from the list.

10. Click Submit at the bottom of the page.
